WORK EXPERIENCES

BIZBLOQS MANAGEMENT SOLUTIONS BV   Makati City, PH
Software Development Team Leader   Dec 2023 - Present

- Worked closely with the local Philippines office and foreign offices in the Netherlands and UK, fostering effective communication and collaboration.
- Managed a small team of front-end and back-end developers in designing and developing websites and web applications
- Built reusable code components for efficiency and consistency across projects.
- Participated in code reviews and provide constructive feedback to enhance code quality.
- Utilized TypeScript, React, Node.js, and Next.js to create new user-facing features and enhance existing functionality.
- Performed testing and debugging to ensure the reliability and functionality of software.
- Performed any other duties assigned to contribute to the overall success of the team.

SL AGRITECH CORPORATION   Makati City, PH
Programmer   Aug 2022 - Nov 2023

- Spearheaded the implementation of modern UI design concepts within the team, resulting in the creation of highly user-friendly web applications that enhanced the overall user experience.
- Demonstrated strong problem-solving skills by identifying and fixing bugs in existing systems, and implementing enhancements that significantly improved functionality and performance.
- Led the design and development of a web application aimed at streamlining HR processes, enabling HR personnel to efficiently track and manage applicants' job applications.
- Demonstrated effective communication skills in presenting and explaining technical concepts to both technical and non-technical stakeholders.
- Actively collaborated with end-users to gather insights and understand their requirements for changes or modifications to existing programs, ensuring that user needs were met effectively.
- Applied a user-centered approach, conducting usability tests and incorporating user feedback to continuously improve and refine web applications.
