SUMMARY

With over **5 years of practical software development experience**, I bring a strong foundation to excel as a software engineer, despite having over a year of professional experience.

WORK EXPERIENCE

SL AGRITECH CORPORATION
Programmer

Makati City, PH
Aug 2022 - Present

- Spearheaded the implementation of modern UI design concepts within the team, resulting in the creation of highly user-friendly web applications that enhanced the overall user experience.
- Demonstrated strong problem-solving skills by identifying and fixing bugs in existing systems, and implementing enhancements that significantly improved functionality and performance.
- Led the design and development of a web application aimed at streamlining HR processes, enabling HR personnel to efficiently track and manage applicants' job applications.
- Applied a user-centered approach, conducting usability tests and incorporating user feedback to continuously improve and refine web applications.
- Employed agile methodologies to manage project timelines and deliverables, ensuring successful completion of development projects.

STERLING INSURANCE COMPANY, INC.
Backend Developer Intern (Remote)

Makati City, PH
Apr - Jul 2022

- Conducted data extraction and processing from Excel files, ensuring accuracy and data integrity.
- Developed robust server-side logic and performed regular maintenance to ensure high performance and responsiveness to frontend requests.
- Created dynamic APIs to facilitate seamless data exchange and integration with frontend elements.
- Acted as a proactive team member, contributing ideas and suggestions for process improvement and optimization.
